## *Conditions of Sale*

PRICES given in this list are intended for whole-sale trade only, and cancel all previous quotations. They are based on current conditions and are therefore subject to change without notice.

---

TERMS: 2% discount for payment within 10 days of receipt of invoice; otherwise net 60 days from date of invoice. Interest thereafter at 1% per month.

---

PACKING at cost will be charged above prices quoted. Paper pots, when used, will be charged extra. When remitting with order, include 5% of order to apply on packing cost.

SHIPPING instructions are requested. Whenever possible we will pool smaller orders in carloads to near vicinity, thus saving on freight and boxing costs. Early placement of orders is essential in insuring accommodations in our pool cars.

CLAIMS or COMPLAINTS must be made within 10 days of receipt of shipment, and in the case of spoilage or breakage, must be accompanied by a copy of the Report of Damage furnished by an inspector for the carrier at time of delivery of shipment.

**"MORaine LOCUST"**

(Plant Pat. No. 836)

A highly improved form of the Thornless Honeylocust. Graceful vase shape, adaptable to all climates or local conditions. Free from thorns and seed pods, it is a clean tree with proven resistance to disease and insect damage.

This variety of Honeylocust Tree is a patented variety covered by United States Plant Patent No. 836 (the name "Moraine" is Trade Marked in the United States and Canada by the Sieben-thaler Co.) and is being handled under license from the Patent and Trade Mark owner.

**CAMELLIAS — NEW, PATENTED INTRODUCTIONS**

**BONNIE MARIE** — All-America Camellia Selection for 1961. A *saluenensis* hybrid with a 4½ to 5 inch phlox pink flower that is fluted semi-double to anemone form. This very hardy plant with an upright, bushy habit blooms heavily over a five month period.

**KINGS RANSOM** — All-America Camellia Selection for 1961. A spectacular 5 inch flower of anemone form that blooms mid-season as a deep blush pink. This many branched, strong upright grower, sets buds well at a young age.

1 gal. cans - 2 yr. plants .....	2.50
1 gal. can - 3 yr. plants .....	3.50

**SPARKLING BURGUNDY** — All-America Camellia Selection for 1960. A sturdy, hardy *Sasanqua* with peony form and four inch blooms. An upright, compact grower with unique ruby-rose flowers set against dark green foliage.

**SWEETHEART** — All-America Camellia Selection for 1959. A *C. japonica* that has a double flower, three and a half to four inches across, with shades of an apricot pink. This handsome shrub has a foliage of a thick texture, dark green and profuse.

**BUDDHA** — All-America Camellia Selection for 1958. A distinctly different hybrid *reticulata* with phlox-pink flowers with contrasting veins of Tyrian rose. The blooms are of extraordinary size on this strong, upright growing camellia.

**CINDERELLA** — All-America Camellia Selection for 1957. The unique and distinctive flower form has rose-pink petals, veined with deep crimson and bordered generously with a marble white edging. Petals are crinkly textured with edges fimbriated.

**FLIRTATION** — A beautiful flowering shrub resulting from the cross of *C. japonica* and *C. saluenensis*. Upright and handsome with big, shiny dark green leaves, this hybrid blooms in late winter and early spring with lovely semi-double flowers of sparkling dawn-pink.

**SERENADE** — This unusual seedling of *Finlandia* sports a very large (five inches or more in diameter) flower that is a beautiful cream-white and is strongly fragrant. Foliage is particularly handsome with heart shaped, deeply veined, dark green and glossy leaves four and a half inches long and two and a half or more inches wide.
